

Ancient Rome in Modern Italy

Summer 2022

Florence and the river Arno at night.

Travel with us to Naples, Rome, and Florence to explore how ancient Romans lived and how modern Italy has embraced their legacy. Our classroom will be the piazzas, churches, cafes, train stations, museums, and streets of Italy, and with monuments and ancient sites such as Pompeii, the Colosseum, the Vatican, Florence's Duomo, and other sites, we will investigate how the political and cultural needs of each historical period have continually reshaped the legacy of ancient Rome.
