

Character and Nature of Centre College

Founded in 1819, Centre is ranked by *U.S. News and World Report* as a top-50 national liberal arts college. While the College's teachers are active in research, their primary focus is the academic and personal growth of their students. Home to a Phi Beta Kappa Chapter, Centre has produced eight Rhodes Scholars, and in the last ten years: 5 Goldwater, 12 Rotary, and 23 Fulbright winners. Within 10 months of graduation, an average of 96 percent of students are either employed or engaged in advanced study. About two-thirds of Centre graduates go on to receive an advanced degree.

One of the premier intellectual gathering points in its region.
The Washington Post

Centre is a residential, entirely undergraduate college; 98 percent of students live on campus. At Centre, learning doesn't just occur on campus - international study is a way of life, with 85 percent of students studying abroad at least once and 25 percent of students doing so more than once. Centre has eight semester-long programs spanning France, Mexico, England, Japan, China, Northern Ireland, Scotland, and Spain.

Graduation Requirements

Centre offers two degrees: Bachelor of Arts and Bachelor of Science. Students must complete 110 credit hours and earn a cumulative GPA of at least 2.0 to graduate. The College's broad-based curricular requirements include competency in expository writing, a foreign language, and mathematics. Two lab science classes, two social studies courses, courses that explore "fundamental questions," a first-year seminar, and a year-long humanities sequence are also required, in addition to specialized courses in the major or majors.

Admission Data for Class of 2014 (entered fall 2010)

Entering Class Size:	367
Average High School GPA:	3.60
ACT Composite mid-50 percent:	26 - 31
SAT mid-50 percent:	1150 - 1360
Class Rank:	About 50% of entering first-year students were in the top 10% of their high school class.
Geographic Distribution:	50% from Kentucky (in-state); 50% out-of-state
Graduating Class Size:	311
Four-Year Graduation Rate:	85%

Alumni Satisfaction

For the second year in a row, Centre College is ranked #1 in the nation for Overall Happiness according to the recently released 2013 *Alumni Factor* guidebook. The Alumni Factor measures six main outcomes—College Experience, Overall Assessment, Financial Success, Overall Happiness, Alumni Giving and Graduation Rate—to calculate its rankings.

Faculty Profile

Student/Faculty Ratio:	10:1
Average Class Size:	17.61
Ph.D. / other terminal degree:	97%

National Survey for Student Engagement (NSSE)

Centre students participate in the NSSE survey annually and the results are encouraging. Seniors report high gains in critical thinking skills, the ability to speak and write clearly and effectively, and to work cooperatively with others. Collaborative learning and working with diverse groups are strengths of Centre's educational experience according to the NSSE results, and students also report gains in the ability to reflect upon and integrate their learning and enhance their quantitative reasoning skills.

According to NSSE, Centre students spend a greater amount of time reading and writing and are challenged to do their best work by their classes at greater levels than peers at other private institutions in the Southeast.

Students also report spending a significant amount of time on academic work while simultaneously being more engaged on campus than at similar institutions in the Southeast.

The Centre Commitment

The Centre Commitment guarantees students who meet the College's academic and social expectations an internship or (beginning with the class of 2017) a research opportunity, an opportunity to study abroad, and graduation in four years. If a student is unable to secure the components of the Centre Commitment within four consecutive years of enrollment, the College will provide up to an additional year of study tuition-free.

GPA Distribution of 2014 Graduates

Top 10 percent:	3.722
Top 20 percent:	3.590
Top 30 percent:	3.460
Mean First-Year GPA:	2.981
Mean Senior GPA:	3.314
Mean Cumulative GPA:	3.117

After Centre

Centre's commitment to experiential education—internships, collaborative research, and community-based learning—means that every Centre student receives valuable real-world experience before graduating. With the ability to participate in internships across the nation and the globe or to complete research with professors, students leave Centre with the kind of real-world experience that sets their graduate school or job application apart from their peers.

Internships

As part of the Centre Commitment, the College guarantees students at least one internship or research opportunity during their four years. All Centre students are guaranteed the opportunity to tailor their education through an internship, and more than 80 percent of the Class of 2014 conducted collaborative research with a professor or engaged in an internship.

First Destination

96 percent of students from the Class of 2013 were employed or in advanced study within 10 months of graduation (of those reporting).

94 percent of law school applicants in the Class of 2013 were admitted.

86 percent of medical school applicants in the Class of 2013 were admitted.
