Now that you have received your course placements in mathematics and second language in an earlier email message, it is time to select your courses for fall term. To help you with the course selection process, **please carefully read the following online documents** with detailed information about your course options.

**Once you have read the instructions, and spoken with a faculty advisor if you chose to do so, you will be ready to register for your fall term courses online on CentreNet. We will send you two more messages next week with detailed information about how to register online.**

**First-year students will be asked to register for fall classes online during the week of July 10-13. Watch for more detailed information in the next two weeks! In the meantime, please carefully review the document found at the link above.**
