- As Centre values being a small primarily residential college, the strong preference is for students to live on campus. However, COVID-19 has created the need for some students to live off campus and learn remotely. If you are in this situation, please list your rationale for requesting to live off campus below.
- All students who are considered commuters and not living at their home address will be required to have a meal plan.
- It is the student's responsibility to check with the Financial Planning office to learn what impact living off-campus will have on his/her aid award. Federal College Work Study is often not awarded to off-campus students.
- Do not sign a lease. You will be responsible for the room charge and your off-campus rent if you sign a lease without permission to live off-campus.**
