**All students applying for off-campus housing are required to participate in the housing selection process unless living at home with parents.**

- As Centre values being a small primarily residential college, very few students will be granted permission to live off campus. Those living in or near Danville with their parents will be granted permission. If additional permission to live off-campus is granted by the housing office, it will be on a seniority basis and by lottery draw if necessary
- All students will be required to have a meal plan whether living on or off campus unless living at home
- August 11<sup>th</sup> is the latest date all off-campus decisions are finalized.
- Living off-campus in previous years does not automatically give you permission to live off-campus for the academic year 2023-2024
- It is the student's responsibility to check with the Financial Planning office to learn what impact living off-campus will have on your financial aid award. Federal College Work Study and Perkins Loans are often not awarded to off-campus students
- Do not sign a lease. You will be responsible for the room charge as well as your off-campus rent if you sign a lease without permission to live off-campus**

Your signature on this form indicates that you have read and understand all stipulations regarding off-campus housing for 2023-2024 and it is required for completion of this application.
